Vibrant Communities
Better Health and Safety
Accessible Transportation
Affordable Homes
How can our neighborhoods grow in a way that promotes safe physical activity, more affordable homes, and streets that aren’t clogged with traffic?

What can you do to improve transportation options and reshape your community to meet the needs of all people (walkers, cyclists, transit users, and drivers)?

Join fellow Santa Clara County residents in discussing these and other questions related to how we plan, grow, and invest over the coming decades. A diverse group of organizations and agencies will lead workshops and trainings to help you learn about the issues and how you can play a role in shaping the future of your community.
